

New Leaf Residential Services Inc.

4740 Belmont Ave.
Suite 140
Youngstown, Ohio 44505
United States

Phone: 3307938582

New Leaf Residential Services Inc. was founded in early 2003. Our company was built on the belief that all individuals can excel in a community setting regardless of the difficulties they face on a daily basis. Our combined experience of over thirty years working with individuals with intellectual disabilities gives us a unique advantage in helping all persons live a life full of potential. Our primary experience with IDD and Mental Health comes from our years of service working for the State of Ohio Department of Developmental Disabilities. New Leaf is proud to announce that our services are accredited through the Joint Commission's Gold Seal of Approval. New Leaf has a "don't quit" attitude when it comes to the individuals we serve; we have made a pledge to never abandon an individual or family in crisis.
