Why choose us? The Creative Housing|Creative Renovations team is made up of highly experienced individuals specializing in design and construction services. We provided accessibility renovation services to clients in Central Ohio since 1992. We are passionate about designing and implementing innovative, custom solutions for a convenient, comfortable and accessible lifestyle at home. Our "Creative" Process includes: Onsite Assessment - reviews how your everyday lifestyle will impact the balance priorities, needs and budgets Scope of Work - provides strategic direction & construction components for the project Design Phase - determines best suitable design Pre-Construction Phase - provides costs, waiver coordination and schedule Construction Management - assures the work is of high quality Promise and Warranty - ensures post-construction peace of mind Well versed in waiver processes, we can help both Client and County Board with the best-suited, appropriate and rules-complaint modification.
